humankind s progress has always been driven by two momentums the pursuit of truth and
the creation of value but our understanding of value and our ability to reflect on its
complexity has long lagged behind our constant search for truth this has in turn limited our
grasp of the essence of truth this book takes philosophical contemplations on value to a new
level while also explicating some contemporary chinese styles of philosophical thought over
the past 25 years this book has been having an increasing impact on chinese readers and
researchers and it also provides a good platform for international dialogue on several key
issues of philosophical studies

covers a wide range of skills and concepts and each reproducible practice page is divided
into math practice and language practice
